FLAT PACK FURNITURE

**It's Flat-pack collection
It's very easy to assemble
It's Italian Design
and Production**

Design becomes simple.

Diventa applies an inventive philosophy that provides **easy-to-assemble flat-pack solutions using superior quick-fit components and pre-assembled hardware** that enable end users a **DIY experience par excellence**.

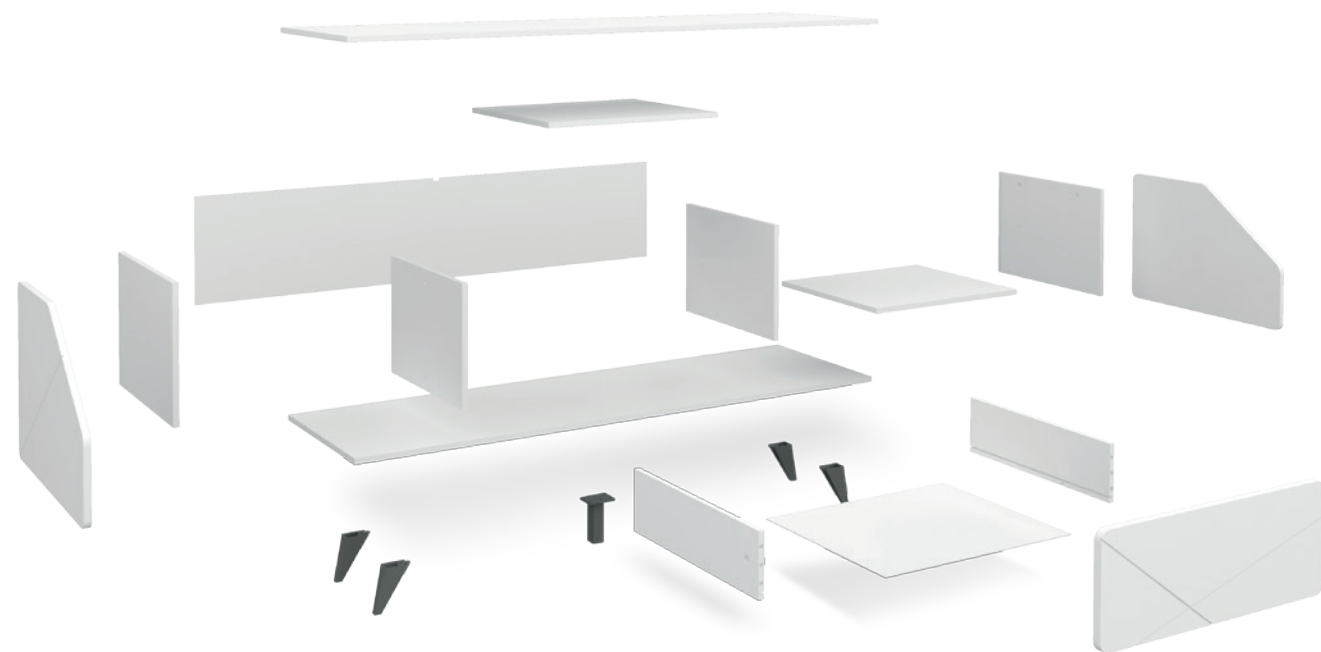

What's more, all the items are appropriately protected and packed inside sturdy cardboard boxes.

Essential design features make the components highly adaptable to all types of living areas, dining rooms, bathrooms and bedrooms.

Quality and style guaranteed by a highly reliable **Italian manufacturer** renowned for its ultimate expertise, design and finesse.

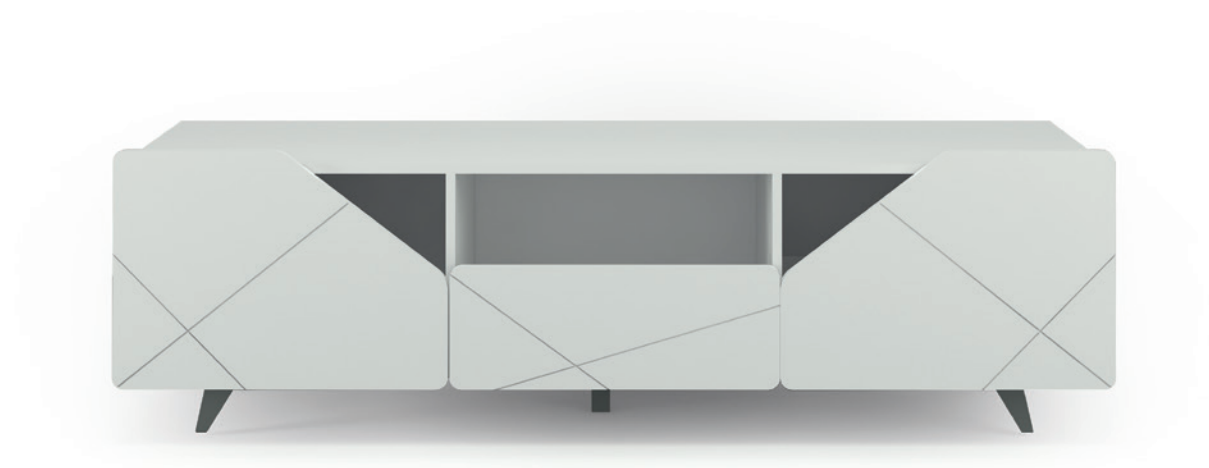

THINK SMART

**For multiple wooden materials.
Tool-free insertion.
High dribbling tolerances
Strong, reliable joints**

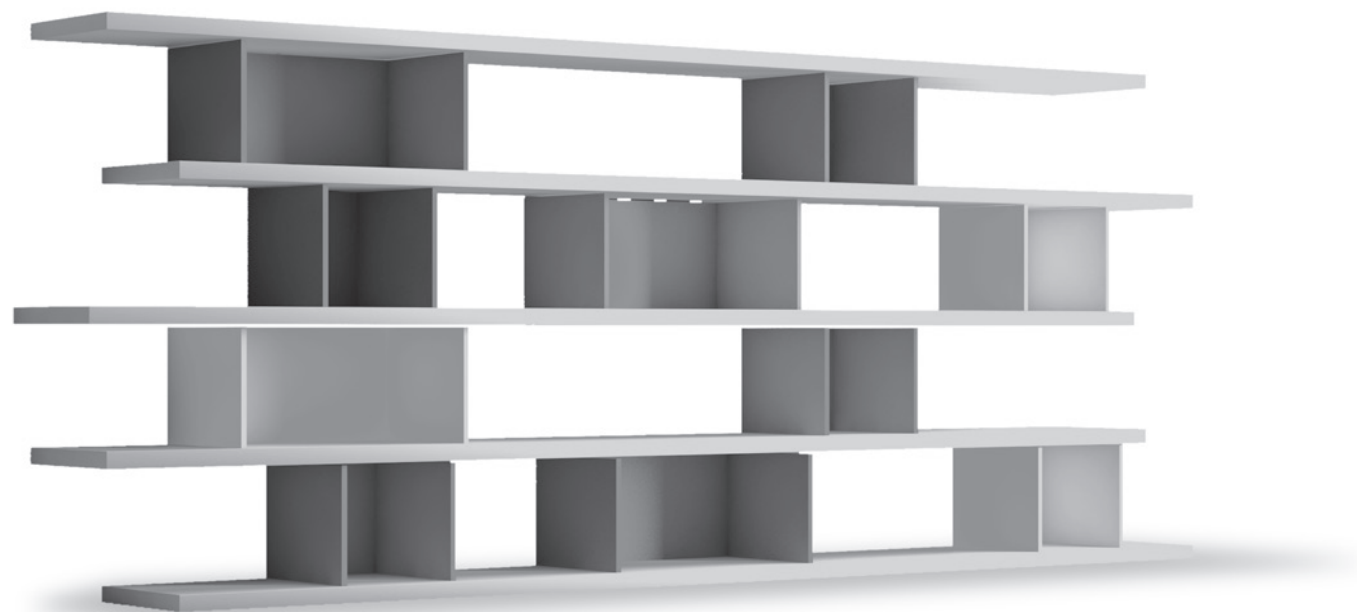

EASY ASSEMBLY SOLUTION

Your proposal becomes more appealing.

Diventa provides end users an **exciting, new furnishing experience**. Highly original, appealing, easy-to-use and **customizable**. Additionally, all Diventa proposals can be marked with the distributor's brand-name.

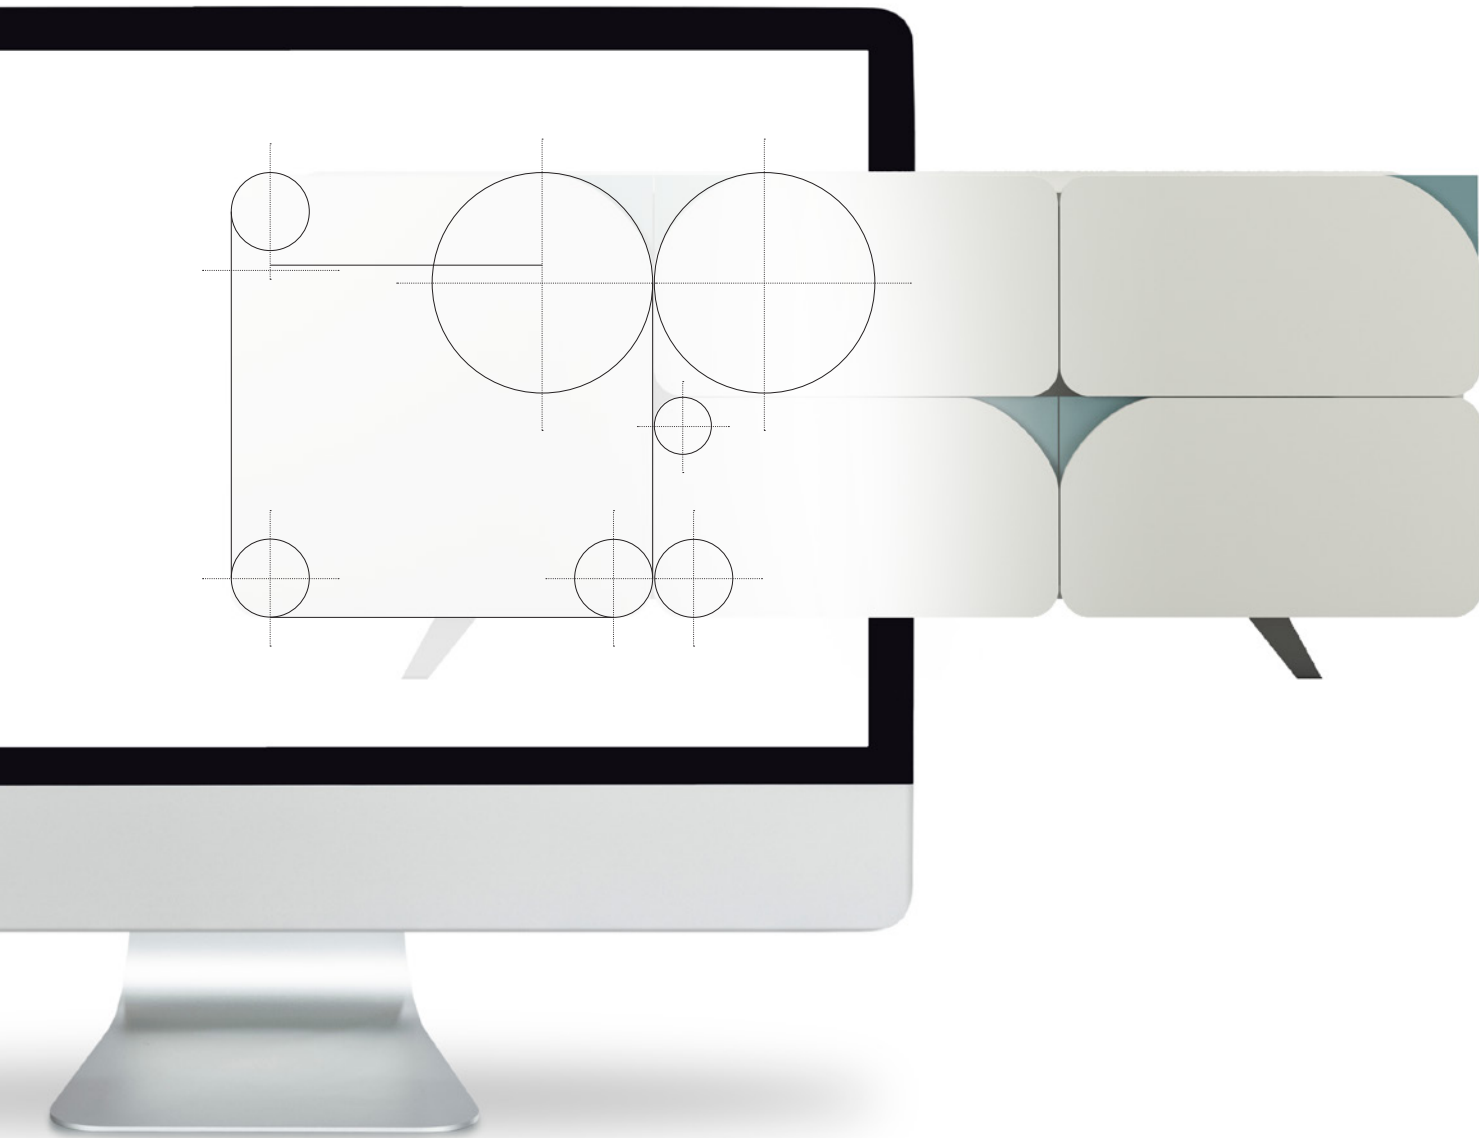

CUSTOM FURNITURE SERVICE ON DEMAND

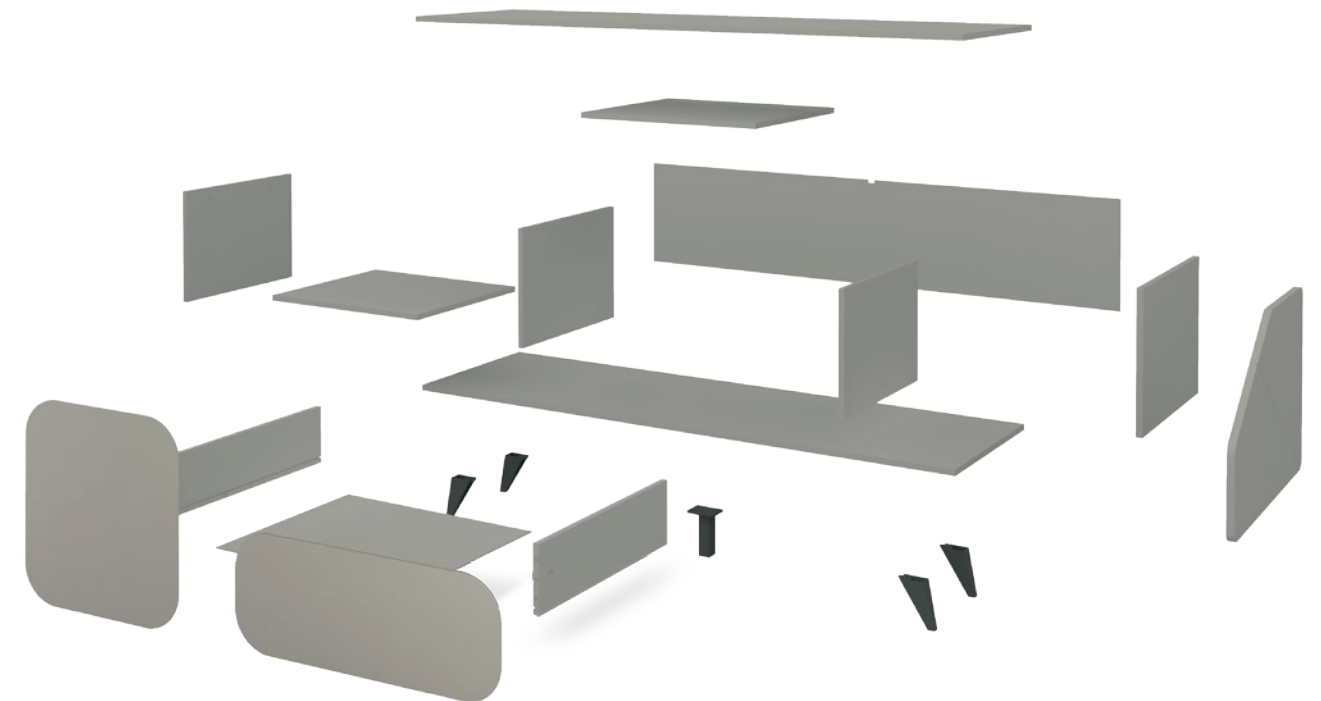

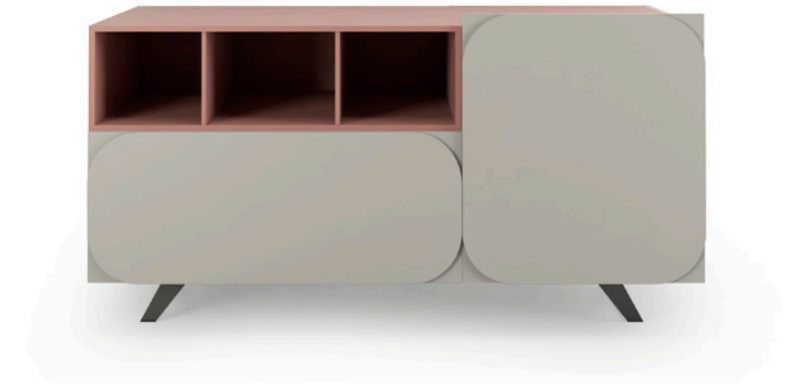

Diventa OEM, customizable and exclusive solutions.

All the items of the "UNIQUE" range can be made to order according to the customer's requests. It offers a vast variety of **special features**, including many metal finishes, LED lighting add-ons, combinations with different materials, and decorative applications on request.

The satisfaction of customers needs with OEM products and the capacity to develop its own furniture brand have come together allowing 3B to achieve remarkable know-how in the field of **FLAT-PACK FURNITURE.**

3B presents itself by offering design, development, and mock-up services in line with the expectations of customers who are looking for a reliable partner to develop their ideas in the field of **FLAT-PACK FURNITURE**. The development of these furniture ranges goes from living room to bedroom, from bathrooms to walk-in closets. Diventa combines all these experiences to design **FLAT-PACK FURNITURE** for the whole house, office, home office and commercial spaces.

Respet® is the eco-friendly technology.

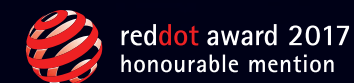

Diventa Flat-pack program is based on the use of all 3B Spa products and technologies together with the application of recycled raw materials such as **Respet®**.

Respet® is a process, a material that changes the life-cycle of plastic bottles forever, turning their end into a new beginning. 3B Spa, leader in the production of panels for the furniture industry, has come up with this revolutionary new project to transform the raw material obtained from **recycled PET** into sheets which can be used to produce doors and furnishing accessories, in any effect and finish, and with the same features and performance as a new material. To evolve design opportunities into a new creative freedom. To make environmental awareness a concrete, everyday way of life. Where PET ends, the future begins.

100% RECYCLED PET

Care for the future

The models in this catalogue are just a brief example of the broad variety of products, designs, finishes, and compositions that can be achieved.

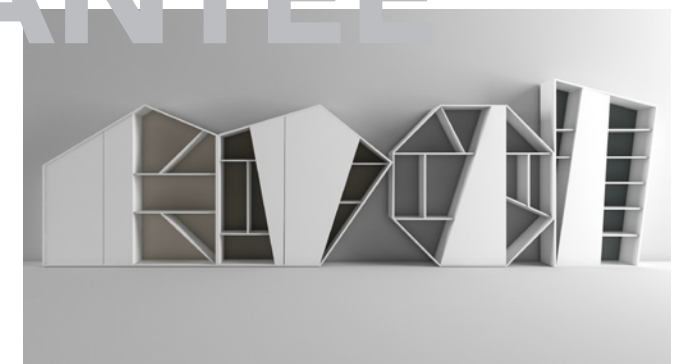

Discover the authentic competitive edge that Diventa can offer you.

MADE IN ITALY

A GUARANTEE

OF QUALITY

3B, over 50 years of manufacturing experience

A great manufacturing capability over 50 years of experience: 3B manufacturing plant is equipped with a vast range of technologies for flexible as well as mass production of furniture and a large choice of production processes and finishes: flat lamination, wrapping, post-forming, 3D forming, edge banding, cutting, drilling, packing. High gloss surfaces, supermatt finishes, solid colors, wood grains, structured surfaces...

DIVENTA MEANS INNOVATIVE SUSTAINABLE MATERIALS

- **Respet®**, 100% recycled PET foils
- Particleboard panels from recycled wood
- Low Formaldehyde emission boards
- FSC-HEPA certifications
- EPA CARP P2 and FSC certifications

Diventa means flexible production system

- Low minimum order quantity on a large number of finishes and materials that are in stock
- Advanced logistic capabilities that allow to stock finished products and to ship them worldwide when required

ITALIAN ENERGY, INTERNATIONAL VISION.

Since 1945, 3B has put all its energy into research to develop new technologies, engineer new operational procedures, and create new aesthetic solutions. So, we can maintain our position as a worldwide leader in the furniture door-and-components sector. This is our competitive advantage, and we know we must devote all our energy to it.

ENTIRELY MADE IN ITALY REACHING OUT THE WORLD OVER.

Our entire production is made in Italy, at two facilities that cover 250,000 square meters; 150,000 of which are covered. 900 employees work in shifts to maintain a 24 hour production cycle, seven days a week. Our highest standards keep the production time of our customers' requests to a minimum, by providing reliable products that match Italian quality with cost effectiveness. Our goal is to translate quality into fast delivery worldwide
